

## Professor

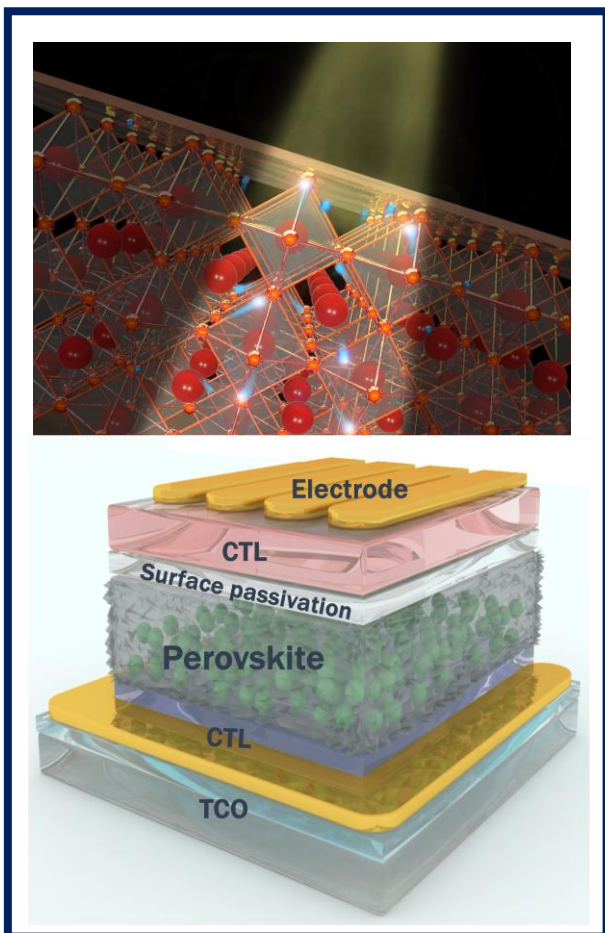

**Prof. Jaeki Jeong**

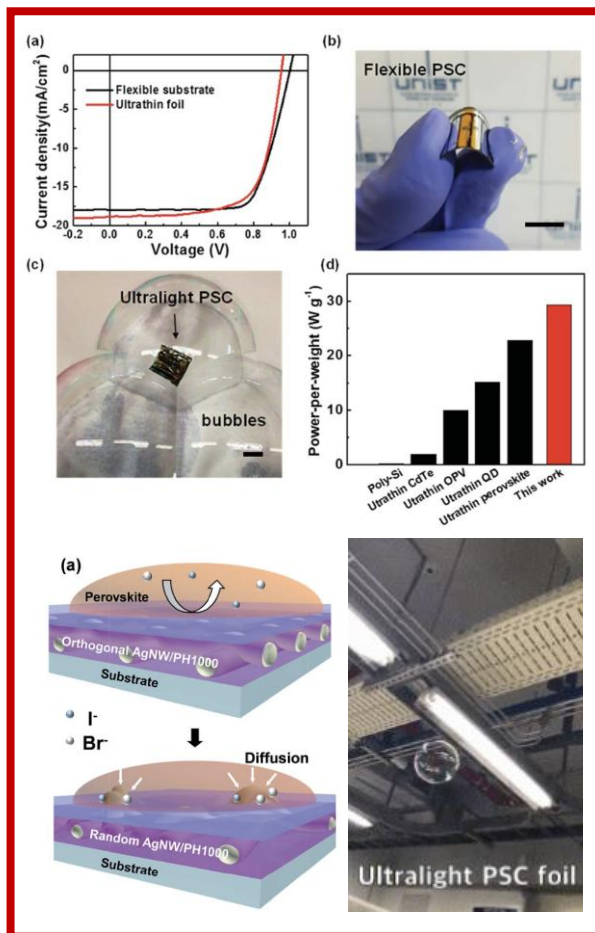

- 2025 - Present : Associate Professor  
Department of Energy Science, Sungkyunkwan University (SKKU), Korea
- 2023 - 2025 : Assistant Professor  
Department of Energy Science, Sungkyunkwan University (SKKU), Korea
- 2021 - 2023 : Postdoctoral researcher, Laboratory of Photonics and Interfaces (LPI)  
École polytechnique fédérale de Lausanne (EPFL), Switzerland  
(Advisor: Prof. Michael Graetzel)

## Research Interests

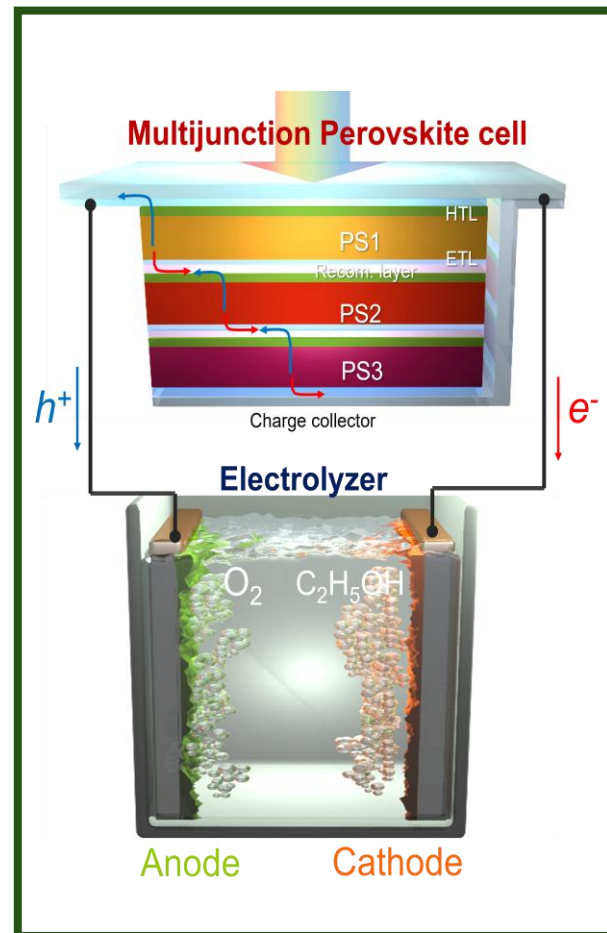

### Perovskite based Optoelectronics

### Lightweight & Flexible

### Photovoltaic-Electrochemistry Cells

- Perovskite based photovoltaic (PV) cells
- Water splitting technology based on solar cells
- Perovskite light emitting diodes, sensors and photodetectors
